MESSAGE FROM THE AG. CHAIRPERSON

The National Anti-Corruption Campaign Steering Committee (NACCSC) is established to undertake a nationwide public education, sensitization and awareness creation campaign aimed at effecting fundamental change in the attitudes, behaviour, culture and practices of Kenyans towards corruption. The campaign is mainly focused on the ordinary citizens to fully empower them understand corruption, types, manifestations, effects and actions that should be taken to fight and prevent the vice.

Corruption is defined as the abuse of power for personal gain. It mostly involves bribes, conflict of interest, skewed allocation of resources, inflated costs of goods and services, nepotism and tribalism, among others. The vice is perpetuated by individuals in positions of responsibility, who betray the public trust bestowed on them to illicitly enrich themselves. Corruption remains one of the major impediments to the achievement of the inspirations of the citizens and the development agenda, including the 'Big Four'. It has also continued to negatively affect all sectors of the society and the delivery of quality and timely public service.

While the public officials take the lion's share of the blame for most corrupt practices, the ordinary citizens are not totally blameless. Citizens initiate a good proportion of the corrupt deeds by enticing individual officers with bribes, even before demands are placed on them. Further, theft of construction materials delivered to public projects is normally with the full participation of would be beneficiaries, who later go to buy those materials at a cheap price, thereby fuelling the vice. The fight will get meaningful traction and bear fruits only when citizens accept to take responsibility and actively participate. Equally important, is the need for the members of the public to provide the enforcement agencies with the necessary support required to secure convictions and recover stolen assets. The public should willingly accept to report cases of corruption, record statements with the investigative authorities and adduce evidence against suspects in courts of law.

It is on the basis of the foregoing that NACCSC has continued to implement activities that seek to empower citizens by adding to their knowledge on corruption and how to effectively fight the vice. NACCSC equally focuses on equipping the public with practical skills to prevent corruption within their sphere of influence through social audits and public reporting forums implemented by County Anti-Corruption Civilian Oversight Committees targeting the beneficiaries of public projects and programmes. Through the social audits, citizens are able to clearly link the sub-standard works and losses to corruption, which they could have prevented through simple actions such as electing project management committees to oversee the implementation. Prevention is a better and cost effective approach to the fight against corruption.

NACCSC calls upon all Kenyans to join the fight against corruption.

EXECUTIVE SUMMARY

Introduction

The Government established the National Anti-Corruption Campaign Steering Committee (NACCSC) and appointed members through the Kenya Gazette Notice No. 6707 of 19th September, 2014 –see appendix I. NACCSC is mandated to undertake a nationwide public education, sensitization and awareness-creation campaign aimed at effecting fundamental changes in the attitudes, behaviour, practices and culture of Kenyans towards corruption. NACCSC comprises 14 Members drawn from Government Ministries, Departments and Agencies (MDAs) relevant to the campaign against corruption; the National Youth Council and National Council for Persons With Disabilities; Religious Organizations and Maendeleo Ya Wanawake Organization, all of which have functional structures up to the grassroots suitable for campaign implementation. Members from MDAs have designated Alternates listed in appendix II.

Paragraph 5(c) of the Gazette Notice requires NACCSC to prepare half-yearly reports for H.E. the President detailing the progress made in the implementation of various campaign programmes and activities. In line with this requirement, NACCSC has prepared this report covering the period 1st July to 31st December, 2018.

Summary of Campaign Activities

The campaign activities implemented by NACCSC during the reporting period are summarized as follows: -

1. Media Campaign

NACCSC participated in radio programmes to create awareness to the listeners on the topic “the role of the public in the fight against corruption”. The programmes were transmitted through Biblia Husema Radio, Radio Taifa and Pwani FM stations reaching an estimated 7 million, 7 million and 400,000 listeners respectively. All the programmes were transmitted in Kiswahili and covered what corruption is, types, manifestations, effects and actions that citizens should take to fight and prevent the vice. Listeners participated through telephone calls, short text messages and social media posts. NACCSC and the Department of Immigration Services participated in a television programme through KBC Channel One on the topic “fighting and preventing corruption in the issuance of passports”. The programme sensitized the viewers on the process of applying, requirements, fees and duration it takes one to receive a passport. An estimated 574 viewers were reached. All the programmes were offered to NACCSC free of any costs.

2. African Anti-Corruption Day

NACCSC participated in a Public Dialogue Forum organized by Transparency International - Kenya, Kenya Human Rights Commission and the International Commission of Jurists to mark the African Anti-Corruption Day on 11th July, 2018. The theme was “Winning the Fight against Corruption: A Sustainable Path to Africa’s Transformation”. Civil society organizations and individuals made presentations on their experiences with corruption and gave their views on the ongoing war against the vice. The presentations were very passionate on the need for support and amplifying the voice against corruption.

3. International Anti-Corruption Day

The International Anti-Corruption Day was marked on 9th December, 2018. NACCSC, through the Kakamega and Meru County Anti-Corruption Civilian Oversight Committees (CACCOCs) participated in activities organized by the Ethics and Anti-Corruption Commission (EACC) in Vihiga and Meru Counties that were attended by an estimated 600 and 1,000 participants respectively. NACCSC also carried anti-corruption messages in a newspaper supplement on 9th December, 2018 and the Ag. Director participated in a television talk show on K24 TV jointly with the Commission Secretary/Chief Executive Officer, EACC on 7th December, 2018.

4. County Anti-Corruption Civilian Oversight Committees

NACCSC approved the 2018/2019 Financial Year (FY) CACCOCs workplans, which are established to undertake sensitization and awareness creation campaigns at the grassroots, monitor and address corruption in the implementation of public projects and provide support mechanism to the citizens. NACCSC allocated the CACCOCs a total of KShs 33.8 million to implement mainly social audits, sensitization forums and village seminars activities, among others. 38 members were trained with the support of the International Development Law Organization to strengthen six existing CACCOCs in Meru, Kiambu, Garissa, Makueni, Kilifi and Nandi.

The Taita Taveta and Kisii CACCOCs implemented activities under the Good Governance Support Programme funded by GIZ reaching an estimated 731,000 citizens; West Pokot, Busia, Kisii and Laikipia CACCOCs implemented seven social audits and reporting forums on corruption in public projects reaching 315 key beneficiaries; Kirinyaga, Nyeri, Meru and Embu CACCOCs, held consultative meeting with various stakeholders in the fight against corruption to rally support for the implementation of campaign activities and the Laikipia CACCOCs members held introductory meetings with both the Governor and County Commissioner, Laikipia during which they secured support for the implementation of campaign activities.

5. Meetings

NACCSC participated in meetings organized by various stakeholders in the fight against corruption, thus the launch and dissemination of the National Ethics and Corruption Survey, 2017 conducted by EACC, the Kenya Private Sector Alliance (KEPSA) Foundation to prepare the National Anti-Corruption Conference under the Multi-Sectoral Initiative Against Corruption, Kenya School of Government to develop the Public Service Integrity Handbook, GIZ on the Good Governance Support Programme and The National Treasury to rationalize and refocus the 2018/2019 FY budget to the "Big 4 Agenda".

6. 2018-19 Budgetary Allocation and Annual Workplan

NACCSC was allocated a total of KShs 113,700,000 for the 2018/19 Financial Year (FY), a reduction by KShs 25,040,000 from the 2017/18 FY. An official appeal to the National Treasury by the Accounting Officer against the reduction was not successful. NACCSC held meetings with two Development Partner agencies, thus the World Bank and GIZ to seek support to plug the financial gaps for the campaign. In October 2018, the National Treasury effected a further reduction of the NACCSC's allocation by KShs 2,274,000 through a supplementary budget. These reductions and the pending bills amounting to KShs 11,453,349 carried forward from the 2017-18 FY necessitated scaling down of the campaign.

7. Expenditure Report as at 31st December, 2018

The expenditure for the period 1st July to 31st December, 2018 was KShs 38,754,205.46, out of the revised annual allocation of KShs. 111,426,000. This was equivalent to 35% absorption of the annual allocation, which was low because the pending bills for the 2017-2018 FY were yet to be settled and new goods and services could not be procured.

8. Auditing

Funds allocated to NACCSC were audited by the Auditor General under OAG&DOJ and no audit queries or adverse reports on the utilization were received during the reporting period.

Viewers participated and gave their views through short text messages and social media posts. An estimated 574,000 viewers were sensitized.

4. African Anti-Corruption Day

Transparency International (TI) – Kenya, jointly with the Kenya Human Rights Commission and the International Commission of Jurists organized a Public Dialogue Forum at Ufungamano House to mark the African Anti-Corruption Day on 11th July, 2018. The theme was “Winning the Fight against Corruption: A Sustainable Path to Africa’s Transformation”. NACCSC participated in the Forum whose discussions centred on the progress and impediments to the fight against corruption and the role of the citizens. Civil society organizations and individuals made presentations on their experiences with corruption, their views on the ongoing war and the need for support to amplify the voice against corruption. The Vice Chairperson and Ag. Director represented NACCSC and were afforded an opportunity to address the participants on the campaign. The Vice Chairperson encouraged the individuals and organizations to work closely with the County Anti-Corruption Civilian Oversight Committees (CACCOs) established to undertake awareness creation campaigns at the grassroots to fully empower citizens fight and prevent corruption. CACCOCs members also participated in an anti-corruption radio talk show through Mwanedu FM Radio Station that transmits in the local vernacular language. The talk show, which lasted for more than one and half hours, was procured by GIZ to educate the listeners, estimated at 200,000, on corruption, its effects on public/community projects and actions to prevent it during implementation. In addition, the findings of the social audit and decisions made by the beneficiaries during the reporting forum were communicated and citizens encouraged to undertake similar activities for their community projects. The listeners participated in the talk show through telephone calls, short text messages and social media posts by asking questions and contributing ideas/suggestions on how the vice could be fought effectively.

(ii) Kisii County

The activity for Kisii was implemented in the period 12th to 17th November, 2018 and participants were as follows: -

- No of CACCOCs members - 11
- No. of PMCs members - 29

The social audit and public reporting forum that was scheduled to be held at Nyaore Youth Polytechnic was not conducted because the Management did not avail the project records. The Area Chief of Nyaore Location requested that the activity be rescheduled to 6th December, 2018 to allow the Management assemble the project documentation and also effective mobilization of the members of public to attend the reporting forum in large numbers. CACCOCs members also participated in an anti-corruption radio talk show through Kisii FM Radio Station that transmits in the local vernacular language. The talk show, which lasted one hour, was procured by GIZ to educate the listeners, estimated at 400,000, on corruption, its effects on public/community projects and actions that citizens should take to fight and prevent the vice during implementation.

d) Social Audits and Public Reporting Forums

Four CACCOCs, thus West Pokot, Busia, Kisii and Laikipia, implemented seven social audits and reporting forums for public projects. A total of 315 key beneficiaries as summarized in table 1 below were reached and sensitized on corruption, the six steps in the projects cycle, corruption issues at each step and actions that citizens should take to fight and prevent the vice.

Table 1: Summary of Social Audits and Public Reporting Forums

land; of funds and records were not maintained and information on the projects, including amounts allocated, was not provided. Participants, therefore, recommended that CACCOCs train the PMCs on the project cycle, corruption and preventive measures, and organize repeat social audit exercises where they did not take place. A detailed report is in appendix III.

e) Consultative Meetings

Four CACCOCs, thus Kirinyaga, Nyeri, Meru and Embu, held consultative meeting with various stakeholders in the fight against corruption as summarized in table 2. The objective of the meetings was to rally support for the implementation of campaign activities. The meetings were fruitful as the stakeholders undertook to support the campaign by mobilizing citizens to actively participate in planned awareness creation activities – see details in appendix IV.

f) Laikipia CACCOCs Meetings with the Governor and County Commissioner

The Laikipia CACCOCs members sought and were granted an introductory meeting with the Governor, Laikipia County on 5th September, 2018. The meeting was chaired by the Governor and attended by the Deputy Governor and four County Government Officials, six CACCOC members, Regional Anti-Corruption Coordinator and the Ag. Director, NACCSC. The Ag. Director introduced the CACCOCs members and presented a brief on the campaign, the role of CACCOCs in the fight against corruption and the support that the County Government could provide.

In his remarks, H.E. the Governor appreciated the establishment of the Laikipia CACCOCs and noted that representation was from all the three sub-counties. He pointed out that the County, just like all others, was experiencing corruption and singled out the many fundraisings organized by various churches and inadequate action on audit reports presented to the County Assembly as avenues for corruption. He recommended sensitization of the Religious Leaders, and all Kenyans in general, on the law that regulates fundraisings, particularly for public officers. He also promised that his Government would work with the CACCOCs, including affording the members opportunities to address various forums organized by the County Government and appointed the County Legal Advisor as the Liaison Officer.

The CACCOCs members were also introduced to the County Commissioner who promised to provide the necessary support and appointed the Assistant County Commissioner in his office as the Liaison Officer. The meetings were important as they rallied support from the two levels of Government necessary for the CACCOCs to implement campaign activities.

2. Meetings

NACCSC participated in the following meetings organized by stakeholders in the fight against corruption which were beneficial to the campaign: -

a) Launch of the National Ethics and Corruption Survey, 2017

NACCSC participated in the launch and dissemination of the National Ethics and Corruption Survey Report, 2017 conducted by EACC. The launch was held on 1st October, 2018 at the Kenyatta International Convention Centre. The report, which was officially launched by the Director of Asset Recovery on behalf of the Hon. Attorney General, presented information gathered from Kenyans who had sought services from public offices. Among the key recommendation was the need to enhance public education and sensitization on the role of the individual in the fight against corruption and unethical conduct. EACC provided 50 copies of the report to NACCSC which were distributed to CACCOCs for their information and reference.

b) Partnership with the Kenya Private Sector Alliance

NACCSC held a consultative meeting with officials from the Kenya Private Sector Alliance (KEPSA) Foundation on 26th September, 2018 during which partnership in the campaign against corruption was discussed and agreed upon. NACCSC was incorporated as a member of the Multi-Sectoral Initiative Against Corruption (MSIAC) Steering Committee and participated in the preparation of the National Anti-Corruption Conference to be held in 2019. Specifically, NACCSC spearheaded the preparation of a strategy paper on citizen mobilization against corruption, one of the cross-cutting issues to be presented during the Conference.

c) Development of the Public Service Integrity Handbook

The Kenya School of Government (KSG) invited NACCSC, among other stakeholders, to a two day workshop held on 20th and 21st September, 2018 to develop the Public Service Integrity Handbook. The Handbook would be used by the public officers and is aimed at achieving an ethical and values-based public service. NACCSC participated in the workshop and made a presentation on the role of the public in the fight against corruption through the embrace and practice of the national values.

d) Good Governance Support Programme

NACCSC participated in a meeting organized by GIZ on 8th November, 2018 for all stakeholders/partners under the Good Governance Support Programme. During the meeting, the implementation of activities was reviewed and the way forward for the 2018 Programme activities charted. The GIZ Programme Advisor informed the stakeholders that the Technical Cooperation Agreement had not been signed by the Germany and Kenya Governments but the process to align it to the Sustainable Development Goals and the "Big Four Agenda" was on course. NACCSC was set to benefit from funding provided under the Programme to promote and support citizen oversight.

C. ADMINISTRATION ACTIVITIES

Under administration activities, administrative and logistical support was provided to various campaign activities implemented by various programme desks.

1. Administrative and Logistical Support

All Programme Desks were provided with administrative and logistical support during preparations to implement various campaign activities. The support included preparation and distribution of invitation letters to various stakeholders to participate in corruption activities, training materials, logistics for the NACCSC members to attend radio talkshows; packaging and distribution of IEC materials; registration and facilitation of participants; coordination of procurement of goods and services and preparation, compilation and production of reports and briefs for the radio programmes, workshops and meetings. All the activity venues were branded appropriately.

D. FINANCE AND ACCOUNTS

The Finance and Accounts Section facilitated the implementation of programmed campaign activities through preparation and follow up of requisitions for procurement of goods and services; and preparation and processing of imprests, purchase/service orders and payments. The section also advised NACCSC on financial matters during planning and implementation of campaign activities and provided expenditure reports monthly.

1. 2018-19 Budgetary Allocation and Annual Workplan

The Government allocated NACCSC a total of KShs 113,700,000 for the 2018/19 FY. This allocation was less than that of the 2017/18 FY by KShs 25,040,000. An official appeal to the National Treasury by the Solicitor General/Accounting Officer against the reduction was not successful. NACCSC held meetings with two Development Partner agencies, thus the World Bank and GIZ to seek support to plug the financial gaps for the campaign. The two agencies agreed to commit a total of KShs 29.5 million to support the implementation of CACCOCs activities. Based on the available funds, NACCSC considered and approved the 2018/19 FY annual workplan as summarized in table 3 below:-

Table 3: Summary of the Approved 2018/2019 Annual Workplan

Category of Cost	Source of Funding			
	Total KShs (M)	GOK KShs(M)	Donor KShs(M)	Total KShs(M)
Personal Emoluments	10.5	10.5	0	10.5
Operations and Maintenance	29.1	29.1	0	29.1
Campaign Activities - Communication	30.0	30.0	0	30.0
- Research and Advocacy	66.5	37.0	29.5	66.5
- Finance and Administration	7.1	7.1	0	7.1
Total	143.2	113.7	29.5	143.2

2. Reduction of the 2018/19 Financial Year Allocation

In October 2018, the National Treasury, through a supplementary budget, effected a further reduction of the NACCSC's allocation by KShs 2,274,000 (equivalent to 4%) of the 2018/19 half year allocation. This reduced the half year allocation from KShs 56,850,000 to KShs 54,576,000 and the annual allocation from KShs 113,700,000 to KShs 111,426,000. This necessitated the scaling down of some campaign activities.

3. 2017/2018 Pending Bills

NACCSC settled pending bills amounting to KShs 11,453,349 carried forward from the 2017-18 FY. The bills were for merchants, NACCSC and CACCOCs members' allowances and Secretariat Staff claims. Pending bills for merchants under the Access to Government Procurement Opportunities (AGPO) category were prioritized.

4. Expenditure Report as at 31st December, 2018

The Expenditure Report for the period 1st July - 31st December, 2018 indicated that the total expenditure was KShs.38,754,205.46, out of the revised annual allocation of KShs.111,426,000. This was equivalent to 35% absorption of the annual allocation. The absorption was below the target of 50% of the annual allocation due to the fact that the pending bills for the 2017-2018 FY were yet to be settled. Absorption of funds was expected to improve when all pending bills were settled and the implementation of campaign activities commenced.

5. 2019/20 Annual Budget and the Medium Term Projections for 2020/21 and 2021/22 Financial Years

The Secretariat participated in a workshop organized by the OAG & DOJ at the KWS Training Institute, Naivasha from 24th to 27th September, 2018 to prepare the Programme Performance Review for the 2015/2016 – 2017/2018 FY and the 2019/2020 Annual Budget and the Medium Term Projections for the 2020/21 - 2021/22 FY. NACCSC also participated in a GJLOS Sector Working Group Retreat held in Mombasa from 21st October to 4th November, 2018 to consolidate the sub-sectors proposals into one Sector Report and participate in the sharing of resources allocated to the Sector in the 2019/20 FY.

During sharing of the resources, The National Treasury directed all the Semi-Autonomous Government Agencies (SAGAs) and Tribunals in the GJLOS Sector to retain their 2018-19 FY allocations, save for EACC which was given an additional 5%. Consequently, NACCSC provisionally retained the 2018/19 allocation of KShs 113,700,000 against its proposal of KShs 242,707,000 submitted earlier.

Challenge

In the 2019-2020 FY, NACCSC had proposed to enhance the campaign by creating three additional CACCOCs, hold sensitization forums for 32,000 citizens and reach 28 million Kenyans with 120 values-messages against corruption. This may, however, not be achieved because of the proposed funding levels.

Recommendation

The Government should, through The National Treasury, consider allocating NACCSC reasonably sufficient resources to enhance the awareness creation campaign to fully empower and mobilize citizens to fight and prevent corruption in Kenya.

6. Consultative Meeting with the National Treasury

NACCSC held a consultative meeting with The National Treasury on 14th September, 2018. The meeting was prompted by a Government directive requiring all Ministries/State Departments and Entities to rationalize the 2018/2019 FY budget to refocus expenditure to the "Big 4 Agenda" and emerging national development priorities. During the meeting, the NACCSC team, led by the Vice Chairperson, presented the rationalized 2018/2019 recurrent budget and explained the proposed NACCSC expenditure. At the end of the meeting, NACCSC recurrent 2018-2019 budget was found satisfactorily rationalized and in conformity with the Government directive and was, therefore, approved for implementation.

The meeting also observed that the NACCSC operated under OAG&DOJ and did not have a bank account of its own. To ease operations and enhance efficiency, it was

recommended that NACCSC urgently opens and starts operating its own bank account and its financial operations be delinked from OAG&DOJ.

7. Auditing

Funds allocated to NACCSC were audited by the Auditor General under OAG&DOJ. All the funds were expended in accordance with the Public Financial Management Act, regulations and circulars issued by The National Treasury from time to time and no audit queries or adverse reports on the funds allocated to NACCSC were received during the reporting period.
